Libcrn PC/Windows

A macro that registers an application in CRN. Usage: REGISTER_APP appname apppath appname: The appname is the name of the application and is used to register the application with CRN. apppath: The path to the executable that will be used as the app. CRN is a library and programming environment for Apple's ARM processors. The developers include functionality for Mac OS X, iOS, and tvOS. You can download it from the App Store. Source: Quality of life in pediatric endocrine patients: an Australian study. The quality of life (QOL) of children with endocrine disorders has received little attention in comparison with that of children with neurologic or other disorders. The aim of this study was to establish how QOL is affected in children with endocrine disorders. The Pediatric Quality of Life Inventory (PedsQL) was mailed to all endocrinologists listed in Australia's major medical directory. Forty-nine endocrinologists reported 93 patients aged from 4 to 18 years (median, 10 years). In all, 71% of patients were female. One hundred percent of patients had at least one endocrine disorder, with type 1 diabetes mellitus the most common (60%). For 71% of the patients, the duration of diagnosis was 6 months or longer. The median total PedsQL score for all patients was 79.2 (95% CI, 74.2-84.1). Boys had significantly higher scores than girls (p [5] The indictment charged the defendant with "knowingly and intentionally distribut[ing] a quantity of cocaine, contrary to the form of the statute in such cases made and provided, and against the peace and dignity of the State of Wisconsin." [6] 2edc1e01e8

Libcrn [Win/Mac]

libcrn provides a complete library of interfaces for some of the most common tasks performed in the document image processing. In particular, this library provides high-level interfaces for the following image manipulation operations: - image filtering, - image segmentation, - image splitting, - digit recognition, and - layout analysis. libcrn currently supports Python 2.6 and Python 3.2+. This distribution contains a complete library for encoding/decoding images with and without compression. This includes libimagequant, which supports lossy and lossless compression for JPEG and TIFF image formats, respectively. Licensing libcrn is provided as freeware. In order to use this software, your work must be published under a freeware license. libcrn will always be provided under a freeware license. See LICENSE for more information. Documentation See doc.py, which explains how to use the API, and include/libcrn.html, which provides the latest version of the documentation. See also Digital imaging software Document processing OCR External links References Category:Digital libraries Category:Free software programmed in Python Category:Free software programmed in PythonDesi Arnaz and Carrie Fisher pay tribute to the late actor in a recent episode of their YouTube series "Designed by Dax and Roxie." (Photo: YouTube) In a touching tribute to Carrie Fisher, the legendary actress' family and former "Star Wars" co-stars The Lonely Island and Desi Arnaz pay homage to their friend, muse and sometimes nemesis through their most famous collaboration, "I'm the Bomb." The clip shows Arnaz and Fisher playing Carrie Harrison Ford during a karaoke session in her famous "Star Wars" costume. As the song begins, the two perform a duet of "I'm the Bomb," a song first performed on "The Jeffersons." The playful banter turns awkward as Harrison Ford can be heard coming in from off-screen: "I'm the bomb, I'm the bomb, I'm the bomb, I'm the bomb." He then urges Arnaz and Fisher to continue and seems to know the part well. "I'm the bomb, I'm the bomb, I'm the bomb, I'm the bomb," are his last words before the music ends. The song was originally conceived as a spoof
